### Tours

#### **Dolphins, Manatees and Gators, Oh My**

Includes boxed lunch

*Sunday, October 11, 8:30AM-2:00PM*

This tour begins en route, as a certified Eco-Guide narrates the significance of the Banana River, a backwater estuary and a wilderness waterway that was used by the indigenous Ais Indians. The river is considered a sanctuary for the endangered West Indian Manatees and Bottled Nose Dolphins. You will learn of its significance as you explore and cruise the smooth, inland waters around the lagoon's uninhabited islands, aboard a shallow-draft, 50 passenger pontoon boat, in safety and comfort. Your captain and guide narrate this two hour cruise tour while you enjoy a soft drink and the sights and sounds of the river's wildlife.

Then it's off to look for alligators in the Central Florida Everglades! You'll travel 15 minutes west to a 100 year old outpost – a turn of the century fish camp. Here you will board airboats to explore an American Heritage River, the St. Johns, and its abundant wildlife by 15 passenger airboats. Each airboat has a flat bottom and large driving propeller at the stern enabling the airboats to skim the surface of the shallow waters and traverse this fascinating *Sea of Grass*, a name the Indians gave to the river. Your 30 minute airboat expedition has its own guide and Coast Guard licensed boat captain who will take you deep into the freshwater swamp habitat of the Florida alligator, and a wonderful assortment of creatures that call the "glades" home. This is an easy adventure without the dirt or danger.

#### **Disney Institute's Behind the Scenes Tour: Innovation in Action**

*Sunday, October 11, 12:15PM-3:45PM*

From the first “talking” cartoon in 1928, to his bold vision of an Experimental Prototype Community of Tomorrow, Walt Disney always pushed the limits of technology. Innovation in Action highlights Walt’s many accomplishments and takes your group on an unforgettable journey where they see, firsthand, how the “magic” is made. During this three-hour behind-the-scenes adventure, participants will see highlights such as the Walt Disney World Nursery and Tree Farm; the new state-of-the-art laundry facility, one of the largest in the world, and Main Street, USA, where you will discover how Walt’s life and film career heavily influenced this turn of the century location.
